

A black and white photograph of a hockey net. The net is made of a white mesh and is positioned in the background. In the foreground, several black hockey pucks are scattered on the ice surface. The ice has some visible scratches and texture. The overall scene is a close-up of the net and pucks.

## HOW TO MEASURE

- For best results, take measurements over undergarments.
- Hold tape measure firmly, not tightly.
- Keep tape measure parallel to the floor.
- Match your measurements to the above size chart. If measurements fall between sizes: order smaller size for tighter fit or the larger size for a looser fit.
- If measurements for chest and waist correspond to two different suggested sizes, order the size indicated by the chest measurement.
- Each material should indicate what silhouette/fit is used (e.g. slim/modern, hockey fit, loose fit), so if it's a slim fit and you normally like a looser fit, you should order up a size.
